

1. Write the chemical formula for the compounds on the other side of this page in the chemical formula column.
2. Next to each formula write its chemical name.

Chemical Formula

Chemical Name

1.          NH<sub>4</sub>OH         

ammonium hydroxide

2.         

        

3.         

        

4.         

        

5.         

        

6.         

        

7.         

        

8.         

        

9.         

        

10.         

        

11.         

        

12.         

        

13.         

        

14.         

        

15.         

        

16.         

        

17.         

        

18.         

        

19.         

        

20.         

        

21.         

        

22.         

        

23.         

        

24.
